“Thematic Guide for Formation Programs”

Presentation Letter

The Secretariat for Formation of CIOFS and Presidency of CIOFS presents the document **“Thematic Guide for Formation Programs” (2023)** prepared by the International Formation Secretariat to offer general guidelines for formation based on the Rule and General Constitutions of the OFS. This new document offers general guidance for formation programs through common themes for all fraternities, while respecting different geographical and cultural realities. We believe in a formative process that furthers *“unity in diversity.”*

We hope that this guide will inspire formators around the world and help them by encouraging up-to-date ideas on *“how to work the formative dimension”* in local, regional and national fraternities, considering the human, Christian, and Franciscan dimensions of our lives as Secular Franciscans.

The International Formation Secretariat organized this document based on guidelines for formation offered by various national fraternities, formation experiences shared by formators all around the world and the work of previous formation commissions of the CIOFS Presidency.

The “Thematic Guide for Formation Programs” gives suggestions for all fraternities of the OFS offering signs of hope when we are faced with the challenges of our mission as Secular Franciscans in the Church and in the world.

Fraternally,

Secretariat for Formation of CIOFS

THE TIME OF FORMATION

CCGG, Article 40

1. Rule 23 The time of formation lasts at least one year. The national statutes can establish a longer period. The purpose of this period is the maturation of the vocation, the experience of the evangelical life in fraternity, and a better knowledge of the Order. This formation should be carried out with frequent meetings for study and prayer and with concrete experiences of service and of apostolate. These meetings should be held, as far as possible and opportune, in common with the candidates of other fraternities.

2. The candidates are guided to read and meditate on Sacred Scripture, to come to know the person and writings of Francis and of Franciscan spirituality, and to study the Rule and Constitutions. They are trained in a love for the Church and acceptance of her teaching. The laity practice living their secular commitment in the world in an evangelical way.

3. Participation in the meetings of the local fraternity is indispensable presupposition for initiation into community prayer and into fraternity life.

4. A style of teaching which is Franciscan in character and which fits the mentality of the persons concerned should be adopted.

ONGOING FORMATION

CCGG, Article 44

1. Begun by the preceding stages, the formation of the brothers and sisters takes place in a permanent and continuous way. It should be understood as an aid in the conversion of each [30] and everyone and in the fulfillment of their proper mission in the Church and in society.

2. The Fraternity has the duty to give special attention to the formation of the newly professed and of the temporarily professed, to help them become fully mature in their vocation and develop a true sense of belonging.

3. Ongoing formation – accomplished by means of courses, gatherings, and the sharing of experience – aims to assist the brothers and sisters:

-- Rule 4 in listening to and meditating on the Word of God, "going from Gospel to life and from life to Gospel";

-- in reflecting on events in the Church and in society in the light of faith and with the help of the documents of the teaching Church, consequently taking consistent positions;

-- in discerning and deepening the Franciscan vocation by studying the writings of Saint Francis, Saint Clare and Franciscan authors.
